

## Application Guide: Mine Change House

<b>Fortress Solution:</b> HL1-S6-ZL411	<b>System Schematic:</b> 
<b>Sequence of Operations:</b> The change house door is locked by means of a Fortress solenoid lock.  Only an authorised person is allowed to enter the change house and once they scan their finger on the biometric scanner, power is sent to the solenoid which will unlock the door.	

<b>Application Requirement:</b> The Change House is required to be locked and only authorised personnel are allowed entry via a biometric scanner.
