DM-S

Self Aligning Actuator

- For use with all DM type locks
- Ideal for small radius hinged doors
- Horizontal adjustment: +/- 7.50mm
- Horizontal adjustment: +/- 3.75mm
- Can be used on small radius hinged doors
- Rotational adjustment: any angle in 360°

mGard range

mGard is the ultimate range of robust mechanical trapped key products. Trapped key technology offers purely mechanical access locks (removing the need for expensive wiring). mGard offers an extensive variety of modular interlocking solutions. Suitable for use in applications up to SIL3 (EN/IEC 62061), Category 4 and PLe (EN/ISO 13849-1), mGard is ideal for use in harsh environments and is tested to 1,000,000 operations.

Article Codes

Actuator Type	Part N°
Separate	DM-S
In combination with DM	-S

Technical Specification

Material	Full stainless steel
Retention Force (in combination with DM top-entry)	5000N
Retention Force (in combination with DM side-entry)	7500N
Retention Force (in combination with DM side-entry)	7500N

Dimensional Drawing (in combination with DM door interlock)
